Shanah Tovah!

Gloria and I would like to thank our TABI family for a great 5777 and wish everyone a very happy and sweet New Year. May the new year, 5778, be a year full of hope and promise – a year of good health and a year of peace. We look forward to another fulfilling year with the TABI community.

Shanah Tovah U’metukah – a Happy and Sweet New Year

Rabbi Gary & Gloria Mazo

David and I send an abundance of sweet wishes for the year ahead to be filled with peace, happiness, and good health.

We look forward to 5778 with our TABI family.

L'Shanah Tovah,
Michele & David Malitz
Shalom!

As you read this, the High Holy Days are fast approaching. I look forward to sharing a meaningful Holiday season with my TABI family. As I write this, we are on the heels of the tragedy of Charlottesville, VA and our community rally at the University of Evansville. While I certainly wish that many more from our TABI family would have attended, I know that for those who were there – along with close to 400 other members of the greater Evansville community – it was a very powerful experience.

To see Jews, African Americans, Muslims, Christians, White Protestants, Catholics, Buddhists and those of no faith coming together to hear the message of love, community and respect was very powerful. We showed that this community will stand up to hatred and bigotry. At the rally I spoke and said that there are not “Many Sides” to the debate when it comes to the KKK and Neo Nazis joining forces to perpetrate hatred and racism – there are two sides and one is right and just and one is not.

We are living in a country that is as divided as I have ever seen (and I was born in the early 1960’s.) The rally at U of E gave me hope – but there is so much more to do. We just started to scratch the surface on combating the hatred, xenophobia and bigotry that have been unleashed in our country in the last 10 months. The rally is another starting point for us to figure out ways to both combat hate and come together in understanding and love.

The Torah is very clear – we are told to “Love our Neighbor” – not to hate our neighbor. We are taught to “Love God with all our heart” – not to hate God. We are taught that we are created in the image of God – therefore, we love God by loving all those created in the image of God – let’s remember that.

As a community, we need to do more than get together at rallies. Watch your email and future bulletins as to how we will address the issues of hate and racism programmatically both here at TABI and with our interfaith partners in the community. Stay in touch with your elected officials and with those who may be running for office soon. Let them know that we will not tolerate silence in the face of hatred and bigotry, let them know that Judaism does not support bans, walls, racial or sexual discrimination of any kind and that we are watching closely.

Together, we can stand up to hate support one another and help our community and country to see that there is another way – a better way to live. Let’s all work at “loving our neighbor” and treating all God’s children as we should – as being created in the image of God.

Shanah Tovah – a happy and healthy New Year to one and all.

Join TABI's Social Action Team in providing dinner for the residents of Ruth's House Women's Shelter. We have been making dinner for up to 26 women on the first Friday of every month. Depending on the month and the menu, we'll meet in TABI's kitchen to make the meal and then deliver it to Ruth's House (321 Walnut Street, Evansville) on Friday afternoon.

If you can’t join in to make the meal, there are plenty of other ways to get involved:

- help plan the menu;
- shop for ingredients;
- deliver the meal;
- or make a donation to TABI's Social Action Fund.

Let us know that you’re interested in helping by emailing Gloria at gjsm16@gmail.com or by calling TABI's office (812) 477-1577 and leaving a message with Barbie.
